

SouthWest MotorSport High Performance Driving School

SWMS offers it's High Performance Driving School as an avenue to learn more about and improve upon their driving skills through rigorous classroom and on-track instruction by a team of experienced drivers/racers.

Driving in SWMS HP Driving School sessions are learning experiences and should not be construed as racing sessions. Although we will build toward near-racing speeds, school sessions are offered as a way to learn precise driving lines and to further knowledge of the rules of physics which govern driver/car behaviors in motion.

Instructors have the right to police all driving activities, including asking the student to slow his/her vehicle, change driving behavior, and/or to pull off the track for consultation. SWMS HP Driving School reserves the right to bar any student who does not accede to the instructors' wishes from further on-track activity.

SWMS Membership is not required for the SWMS High Performance Driving School (including your first two days of school and/or lapping). However, once graduated from the class you will be required to become a dues-paying member of SWMS to participate in Lapping and Competition Activities.

HP Driving School Participants are required to attend all SWMS event drivers' meetings and to have their cars pass through SWMS Technical Inspection. The mandatory Drivers' meeting both days will start at 7:30 a.m. with the first class session starting at 8:00 sharp!

HP Driving School Participants will be required to attend all classroom and on-track sessions to graduate from the school and continue to the next level of on-track activity. No exceptions. Graduates will receive a SWMS driver's logbook to record their driving history.

We will teach you both the specifics of driving on the Sandia Motor Speedway 14-turn road course plus the general knowledge necessary to drive any car, any where, safely at high speeds.

If you have any questions regarding SWMS HP Driving School, please contact Head Instructor Russ Kelso at 505-898-6487 or pmciinc@comcast.net for further details.

Lunch will be available at the track, served at the Concession Stand by the Sandia Motor Speedway personnel. All of the SMS facilities are the best in New Mexico and the cream of the crop for all of the Southwest U.S.!

Tech and Registration will run Friday evening from approximately 3:00 PM to dusk. Saturday morning tech and registration will be open at 6:00am. If it all possible, get your car teched Friday to save the last minute rush Saturday morning. (For other tech times, call Ken Adams at 296-8775)
The gates will open at 6:00 AM both Saturday and Sunday.

We'll hold an after-school party SATURDAY evening to which you and a guest may attend as part of your school fee. Extra guests are welcome for a \$10 fee. Advance notice is essential so we can have enough food, beer, and soda on-hand.

This is one of the best values for the \$\$\$ this side of the Mississippi. Come join us!
