To plan an out of town race we need this info to make our schedule work.**

\*Performance/Lapping group is a non-race group where you are not required to have the same car preparation as the race groups. You will need a helmet, long sleeve shirt, long pants no shorts closed toe shoes with socks. Cotton clothes no nylon or polyester they melt in a fire.

Car prep seat belts, no loose items in car or trunk. + Battery terminal covered.

On track educate passing on straight away ok. Passing in corner areas only if car being passed waives you by. Not following these rules, driving beyond your capabilities (bad or aggressive driving) will get you Black flagged and a consultation with the Chief Steward.

**ALL RACE GROUPS**, our races are non-contact between cars. Car contact will get you Black-flagged and a visit with the Chief Steward. We understand in racing sometimes contact happens but you will still have to discuss it with the Steward who can assess points to the driver/drivers that are at fault. SWMS goes by the 13-13 rule. You get 13 points you don't race with us or many other clubs who use this rule for 13 months.
